

## Crowd Farming for Food 4 Thought

You've heard of crowd funding? Well we're doing some crowd farming – inviting backyard urban food growers and small farmers to contribute some of their surplus to the national Food 4 Thought gathering to highlight how small-scale food production is a significant part of our food system.

So if you have an extra bunch of kale, herbs, plums, chicken eggs, apples or home made bread we'd love to hear from you.

**The first step** to being involved is to contact Lissa on [lissa@slt.org.au](mailto:lissa@slt.org.au) to pledge your support and let her know what produce you're donating.

**The second step** is to commit to delivering your produce at a certain date, time and location. We have two drop off times and locations for different types of produce.

Produce	Date & time to deliver	Location
